

Poudre High School

"Proud Partnership In The Pursuit Of Excellence"

To whom it may concern,

It is with pleasure that I write a letter of recommendation for Alison Schorsch. During her student teaching at Poudre High School, I had the opportunity to work with Alison and benefit from her innumerable skills. Her organizational skills, ability to use resources and integrate new ideas, and ability to work well with students and teachers make her a great candidate for any teaching job.

As her supervising teacher, I have been impressed by Alison's ability to take ideas and resources that have been offered to her and make them her own. She has done an excellent job using all the experiences and opportunities that Poudre High School has offered her and combined them with her own ideas and into her "bag of tricks". This quality, indicating Alison's desire to constantly learn and grow, is the hallmark of an excellent teacher.

Students and staff trust and like Alison. Students trust that she will listen to them, that the decisions that she makes will be in their best interest. Other teachers enjoy her dedication and desire to do an excellent job. She has the desire to work with students at a personal level and make the classroom a safe, supportive place for each of them. In addition, her skill with the at-risk, special education, or alternative student will benefit her greatly. Her ability to make that human connection serves her particularly well with that population.

As her supervising teacher, I have enjoyed Alison a great deal. She has brought new ideas and energy to the Poudre Art Department. I wish her only the best as she continues in her journey.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lorri Fowler'.
