To Whom It May Concern:

My name is Ann Lucas and I taught school in the Ft. Benning School System for 41 years. I have recently retired but during the school year 2009-2010 I had the privilege of working with Alison Schorsch. Alison taught Art to the students at E. A. White Elementary School.

It is my pleasure to write a letter of recommendation for Alison. Alison is a competent and dedicated teacher that demonstrated excellent knowledge of her skills and subject area. She worked hard to instill artistic values and the elements of art to her students. Please let me quote what one of my first grade students said, "Miss Lucas, I'm using the color blue here because it is a contrasting color and it will make the other colors show up better." Needless, to say I was impressed with the knowledge this child had brought back to his activities in the classroom. Several of my children indicated to me they really liked to go to Art Class. One reason being they got to paint and others just enjoyed learning art techniques. Alison integrated interdisciplinary teaching by having the children explore art through various mediums using a variety of subject matter. I believe the children were given the opportunities to develop skills which provided an excellent foundation for the enhancement of the lifelong learning in the discipline of Art.

I am pleased to recommend Alison. She is a responsible and hardworking teacher who gives top priority to educating young children to the value of art education. Please do not hesitate to contact me directly if you have any questions.

Sincerely,

Ann Lucas
